

ALBERTA ENVIRONMENTAL FARM PLAN

HELP US WITH OUR HABITAT MANAGEMENT TOOL

**We are looking for those with
an existing EFP to help us
with new recommendations**

Alberta EFP has developed a new habitat management tool, and we want to understand what suggested practices will help make a real difference in the real world.

We are hosting an online workshop for Alberta farmers where you will have help with the new chapter. After the workshop, we will follow up with you to ask you what you learned, thought and implemented on your farm.

Participants will receive a copy of the 2021 Blue Book and EFP swag!

Workshop Dates:

October 12, 2021 - 9 am - 11 am

October 21, 2021 - 10 am - 12 pm
